

# 2006-2011 Honda Civic Rear Brake Pads Replacement

A video tutorial on how to change the rear worn out brake pads on an 8th generation Honda Civic years 2006-2011.

Written By: eCuration

## INTRODUCTION

If you are experiencing poor performance, noise, and or a pulsing brake pedal when breaking then it may be time to replace the brake pads and or rotor.

Follow this video guide to do so on your 2006-2011 Honda Civic.
